

27th August 2020

Dear Parents/Guardians

As students and staff prepare to begin the new school year, we wish to reassure parents and guardians that members of the Parents Association have been consulted regarding the many changes to school life which are being introduced in order to ensure everyone's safe return.

As parents, it is vital that we are aware of all the symptoms of Covid-19 and that students who display any of these symptoms seek medical advice and do not attend school.

Procedures have been put in place to ensure the continuity of learning should students be unable to attend school for medical reasons.

We wish all members of the school community the best of luck for the new school year.

The Parents Association
